

LED Decorative Lighting Rebate

LED decorative lights use roughly 80% less energy than traditional incandescent lights. To help Healdsburg customers transition to LED lighting, the City is offering a

10¢ per bulb rebate

for the purchase of energy efficient LED decorative lights, up to 75% of the purchase price.

Visit www.ci.healdsburg.ca.us/rebates or call (707) 431-3122 for more information.
