SURVEY FEEDBACK SUMMARY

What are your thoughts on the proposed material palette below for Badger Park?

“Very nice. Especially love the color palette.”

“The color palette is perfect for a nature park. For materials I would prefer to have more wood than metal and stone.”

“Wood 4x and larger. Metal too contemporary. More like existing pedestrian bridge. Stone (not sure of presented context). Muted color palette is good.”

“Metal to reflect the material and design of the two down-river bridges. River colors.”

SURVEY FEEDBACK SUMMARY

How should we approach the design of site elements at Badger Park?

STANDARD

BOTH

38% VOTED BOTH

“Difficulties in maintaining any of these”

SURVEY FEEDBACK SUMMARY

Which style of footpaths do you prefer?

FLOATING

4 VOTES

“At-grade, not sure about the flagstones - people might trip and no stroller access”

“Floating, I really like raised look, but do we have the nature-scape to 'raise' a walkway over?”

“Both, flagstone at-grade pathway not easily maintained. Gravel or Decomposed granite or stamped concrete?”

SURVEY FEEDBACK SUMMARY

Which style of pavilion do you prefer?

PRE-FAB

2 VOTES

VS.

INDUSTRIAL

9 VOTES

VS.

TIMBER PAVILION

15 VOTES

“Industrial / architectural, Durability important in Public spaces. Curved Structure 'looks' interesting.”

“An iconic river connotation. Perhaps inspired by the old Merrie(y)land Dance Pavilion that overlooked Lake Sotoyome (located at now Memorial Beach)”

“Industrial / architectural, I could like Timber but don't like these examples at all.”

SURVEY FEEDBACK SUMMARY

What type of experience do you want to have with the restored creek habitat and Russian River at Badger Park?

ELEVATED CROSSINGS

VS.

13 VOTES

INTERACTIVE CROSSINGS

VS.

18 VOTES

BEACH AREA

18 VOTES

“Elevated crossings, Interactive crossings, Beach area, Kayak put-in”

“Elevated crossings, Beach area, Long-term Planning: Connecting bike/pedestrian bridge over Russian River :-)”

SURVEY FEEDBACK SUMMARY

Which style of community garden plots do you prefer?

AT-GRADE PLOTS

13 VOTES

RAISED PLOTS

3 VOTES

VS.

“Raised plots, would consult the experts - seems like raised beds are better for clay”

“Mix of plots: 12”h, 24”h, & 30” h (age appropriate) More plots for more gardeners.”

“The same as existing plots. Raised plots are very difficult to remove crabgrass/Bermuda grass from.”
