

Marie Sparks

Memorial Volunteer Award

Marie Sparks

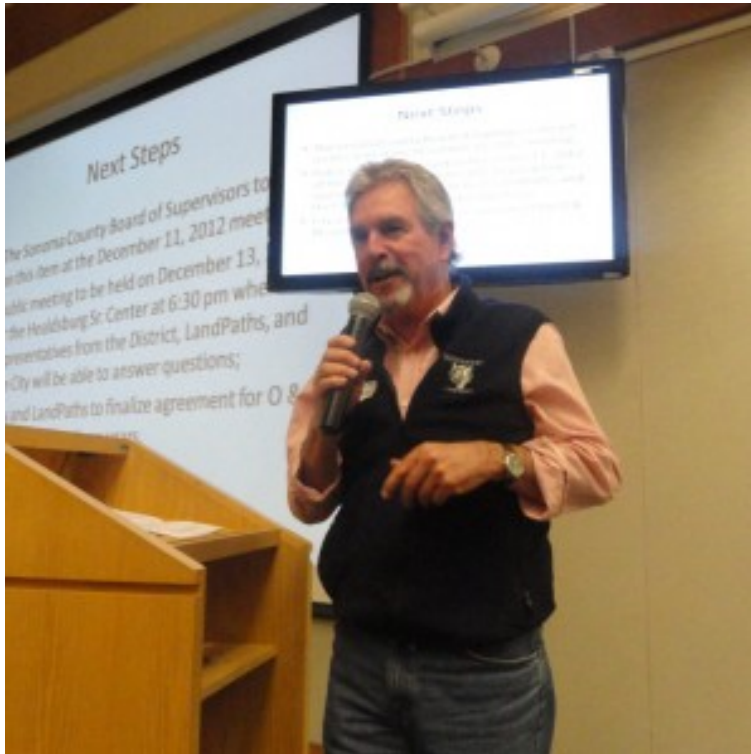

September 14, 1914 - April 10, 1995

- A woman of vision, compassion, and grit
- Asking for help was easy: she just did not take no for an answer
- Rubbed shoulders with Federal and State legislators as easily as she did with the poorest of the poor in our community
- Had the ability to inspire others to work with her, to get to the heart of a problem, and to find a solution
- She left a legacy of good works, many admiring friends, and a stronger community
